HOW LIVEBOOKINGS CAN HELP YOU...

STEP 1: ONLINE BOOKINGS FROM YOUR WEBSITE

- Convert website traffic into bookings
- 1 in 5 website visitors will make a booking
- Provide superior customer service 24/7
- Used by thousands of restaurants

"Not only does the design of the Livebookings App visually compliment our website, but it is not branded, so there is no third party website benefiting from the marketing activities we invest in to drive traffic to our website. Livebookings supports our brand alone instead of marketing its own brand through our site."

Rob Beckham, Business Development Manager, Gordon Ramsay at The London, New York

STEP 2: BOOKINGS FROM OUR NETWORK PARTNERS

- 62%* of people search online before dining
- Access 200 million potential diners on over 500 international websites
- Drive new business to your restaurant
- Distribute your offers free of charge

"We benefit from working with Livebookings as their marketing network includes many well known websites. Building relationships with these sites on an individual basis would be time consuming and difficult."

Neil Wornham, Director, Covent Garden Grill

STEP 3: MANAGE YOUR ONLINE AVAILABILITY WITH EASE

- Industry-leading reservations management solutions
- Update availability in real-time across all partner websites
- Build a customer database
- Run email campaigns to increase covers

"With Livebookings' help we are developing a strategy to encourage our customers to book through the web, to build our customer database and target our marketing more effectively."

Tim Cramp, Events Director, Just St James
